An expansion short story by . Thi is for adults only, So you knowif you should be reading this.

Chet was in a bad place when he won that sweepstake. A letter had arrived the day before. But the day after he had quit his job, he received a notice that he was a winner of a cruise. Chet was so in his own head that he didn't notice the boat until he was right next to it. The short woman at the front was dressed in black slacks, a violet dress shirt, and a black tie. "I said, do you have your invitation?" She said.

"I'm sorry, what?" Chet replied.

"I asked for your invitation." She repeated.

"Oh my god. I am so sorry. I don't know what came over me." Chet was feeling very nervous. He had used to be a reasonably active member of his gym. Still, since starting his new job, he had been too busy to go. "Oh, don't worry about it. I get that a lot." She took his invitation and grabbed a clipboard. Chet was taken aback by the contact. Chet hadn't interacted with women for a few years. She took the invitation and brought it under a lamp that revealed a strange symbol. "Looks like you will be in Room 17 and that will be on the port side first level."

"Okay, will do." Chet now saw that she had a light red tie tucked into her cleavage. When Chet got to the top of the loading ramp, he looked back to see that Julia had disappeared. There were more people here than he was expecting. Couples and solo people walking. But he soon arrived in his room. When he opened the door, he was expecting to see something. He found nothing.

Chet picked up the phone and dialed zero. A thick, accented male voice answers. "Room 17. "I am looking for some way to connect to the WiFi."

"Oh, I am so sorry. We do not have wireless internet, the only way you can access t

Chet was confused. He had never heard about tech like this. He tried to keep ahead

"What bottle?"

Chet stared up into her face as she had turned back to look at him.

"Do you like what you see?"

For a second, Chet was taken aback. He wasn't sure what she had just said. She could

"Oh, I see." She said. She flopped around on the bed and darted across the sheets. Chet was rock hard at this point.

When she got to the edge of the bed, she said,

"Come here, Chet."

He walked to her.

"I think you might be confused." She reached out and started to lightly brush her fingers

"You may think, 'She is way out of my league, and this can't be happening.' But sometimes

Chet reached down and placed his hand underneath one of her breasts, and massaged upwards

She used her hands to work off his belt and furiously dug at his button and zipper

The sudden flood of sensation made his knees buckle.

"I like the way you react to me, Chet," Julia said. She took his cock in his mouth

Chet popped the hooks open, and he could see where it dug into her back.
